VOL. 1 • NO. 6

Sunrise 6:22 AM • Sunset 8:48 PM • Daylight 14h 26m (-1m)

Waning Crescent 36% • Full moon Jul 29 • Fall Eq. in 76d

ON THIS DAY — 1928: The first color motion picture, Walt Disney's 'Flowers and Trees,' begins production.

WEATHER — OKC

99°F / 73°F • Mostly clear, 1% chance of rain. Wind 10mph. Stay hydrated — that's real heat, not almanac flavor text.

UV index 8 • Air quality: Good (AQI 42)

Primoscaples note: heat stress risk for anything newly planted — water early, before the sun's fully up. Water deep and infrequent, not daily — trains roots down where it...

FIELD NOTES

Mental model — the Sunk Cost Fallacy: past investment of time or money isn't a reason to continue something. Judge only the path forward from here, as if starting fresh today.

NURSERY NOTES

A newborn's stomach holds about a marble's worth at birth, a cherry's worth by day 3. Frequent small feeds aren't a feeding problem — that's just the actual size of the tank.

VOCABULARY EXPANSION

Apricity • *archaic noun*

The warmth of the sun in winter.
