things that left the building —
drafts and commits don't count

FOCUS

`CI-1 Daily job/application process` continues, but Coinbase is done; the decision lane now shifts to the next best-fit role in `jobs/TRACKER.md`. Push lanes per Josh's 2026-07-02 calibration: Bad Boys (reopened),...

LANES

Bad Boys cartoon lab	ACTIVE — Josh greenlit crude/edgy cartoon shorts as the Bad Boys engine
Primoscapes (PS-1)	ACTIVE draft lane (`PS-1`) — offer + lead-channel doc drafted below
The Boring Report	APPROVED for internal build (Josh, DeFi product lab session) — merges DF-1 concepts #1 Oracle Risk Scorecard + #3 Boring Report + #6 PoR Watch into one brand

DECIDE

Create the TikTok account this weekend?

Handle bebad4good, bio + avatar approved in the runbook (~30 min, credentials/2FA stay yours). This is the publishing cork for the whole cartoon lab.

First issue: The Boring Report W28

Stablecoin boring-scores, all numbers traced to committed snapshots (verify.py passes independently).
Asset-class fix applied: NAV-accruing funds (BUIDL/USYC/USDY) separated from the peg table.
Ship/kill/one-liner starts the flawless-streak clock.
